# TABLE OF CONTENTS

## WELCOME BY GENERAL CHAIRMAN (Tuesday)
Murray F. Tysinger, Jr.,
EG&G Frequency Products, Inc. .......... vii

## SESSION A (Tuesday) APPLYING CURRENT TECHNOLOGY

I  X-Ray Fluorescent Thickness Measurement for SPC (Statistical Process Control) of Film on Quartz
   -- Michael Brodsky, Statek Corporation .......... 1

II Computer-Aided Failure Analysis for Wide-Band Crystal Filters
   -- Jenn-Yah Su, General Motors Hughes Electronics ............... (Abstract Only Submitted at Issue)

III Field-Assisted Bonding of Single Crystal Quartz
   -- Randall D. Watkins, Clinton D. Tuthill,
      Richard Curlee, Dale F. Joerg, Sandia National Laboratories ........ 6

IV High Reliability Crystal Devices Planning for Development and Management
   -- Thrygve R. Meeker, Consultant ............... 18

V  Why Publish?
   -- John Sherman, Jr., Consultant
      (Abstract Only Submitted at Issue) ............

VI Linear Steady State Oscillator Analysis in the Immittance Domain, Part 1
   -- Benjamin Parzents, Consultant ............... 33

VII Precision Temperature Test Station for Quartz Crystals
   -- Robert Kinsman and Donald Ryback,
      Motorola, Inc. .................................. 39

VIII Automated Measurement Systems for Final Frequency Plating and Characterization of High Precision SC-Cut Crystals
   -- Pierre Stoermer and John A. Kusters,
      Ball Corporation, Efratom Division ........... 48
IX Realization of High Degree Delay Equalizers for Crystal Band Pass Filters
-- Philip R. Geffe, EG&G Frequency Products, Inc. .......................... 53

X A Very Fast Orientation Determination of Doubly Rotated Quartz Cuts
-- H. Merigoux and J. F. Darces, Universite' de France-Comte' ............. 57

SESSION A (Wednesday) APPLYING CURRENT TECHNOLOGY

I Measurement of Quartz Crystal Units Up to 500 MHz and Above by the Use of a Pi-Network with Error Correction
-- Bernd W. Neubig, TELE QUARZ GMBH .......................... 60

II Influence of Stray Reactance on Measured Crystal Parameters
-- Tim Semones, Innovative Measurement Solutions, and Warren Smith, Consultant ........
(Abstract Only Submitted at Issue)

III Quartz Crystal Resonator Parameter Sensitivity Study, A First Order Analysis
-- Donald C. Malocha, Madjid A. Belkerdid, and Karen M. Park, University of Central Florida .......................... 69

IV Abrasive Selection and Control in Lapping Processes
-- Gerald L. Simmons, Chemical-Ways Corporation .......................... 76

-- Charles Adams, Hewlett-Packard Company, and Canon Bradley, EG&G Frequency Products, Inc. .................. 80

VI Report of Activities of TC-49 Measurements Subcommittee
-- Warren Smith, Consultant. .................. 82

**SESSION B (Tuesday) MARKETING**

| I       | How to Market and Advertise Your Company                             | -- Gary Breed and Kathi Walsh, RF Design                               | 105  |
|         | (Nothing Submitted at Issue)                                         |                                                                        |      |

**SESSION B (Wednesday) IMPROVING PRODUCTIVITY**

| II      | Current and Future EPA and OSHA Rules and Regulations and What They  | -- Morris Kay, Environmental Protection Agency, and Cindy Deering,   | 110  |
|         | Mean to You                                                          | Occupational Safety and Health Agency                                 |      |
|         | (Nothing Submitted at Issue)                                         |                                                                        |      |

**SESSION B (Tuesday and Wednesday) IMPROVING PRODUCTIVITY**

| III     | Improving Productivity with Manufacturing Cycle Time Reduction      | -- James Swartz, Competitive Action                                   | 110  |
Panel Session Relating to Piezoelectric Devices Usage in the Major Market Segments -- Looking 5-10 Years Down the Road
-- Moderator: Gary Breed, RF Design
Panel: Government/Military -- John R. Vig, U.S. Army, Electronics Technology and Devices Laboratory
Industry -- Martin J. Kiousis, M-tron Industries, Inc.
Telecommunications -- Robert Kinsman, Motorola, Inc.
Communications -- Earle E. Simpson, AT&T Technologies
Instrumentation/Computer -- Donald Hammond, Hewlett-Packard Company
Automotive --
Entertainment --

(Summaries will be Published in Volume 2.)
