CALL FOR PAPERS

Your Group is sponsoring a session on Ultrasonics at the National Electronics Conference (NEC) in Chicago on October 3-5, 1955. Potential authors of papers for the NEC session, please contact Dr. Oskar Mattiat, Clevite-Brush Development Company, 3405 Perkins Avenue, Cleveland 14, Ohio. Information regarding proposed papers including title, authors, and abstracts (six copies) should be in his hands by June 1, 1955. The abstracts should not exceed 200 words in length. Only papers not previously published will be accepted. The completed manuscripts need not be submitted till September 6, 1955.

TRANSACTIONS INSTITUTIONAL LISTINGS

Advertising is available and is in fact being actively solicited for the TRANSACTIONS. They consist of two-line institutional listings giving names, addresses and products or services of interested firms. This is a wonderful opportunity to place your firm's name and its products before a specially selected group of engineers vitally interested in ultrasonic problems. Your listing will at the same time help finance your Group ventures, enabling better publications for the future. IRE Headquarters should be referred to for such listings. The charge is \$20.00 per listing and \$35.00 for listing in two successive TRANSACTIONS.
