

WE ARE RECRUITING NEW VOLUNTEERS!

The UFFC Society is seeking dedicated volunteers to offer their time and service in the following areas:

ADMINISTRATIVE COMMITTEE (ADCOM)

Treasurer/Secretary

Be a Society fiduciary responsible for the financial activities of AdCom. Keep the records of AdCom and maintain appropriate files.

Advisor to Student Representatives

Assist the Student Representatives with outreach activities on behalf of the Society.

Student Representatives for Ultrasonics, Ferroelectrics, and Frequency Control

Perform outreach to students attending the annual UFFC-S symposia and other activities.

Editor-in-Chief for TUFFC

Responsible for the Transactions format, publications schedule, and content.

Editor-in-Chief for Open Access Journal (New)

Responsible for the format, publications schedule, and content of the Open Journal on UFFC.

REPRESENTATIVES TO OTHER IEEE ORGANIZATIONS

Representative to IEEE Transactions on Medical Imaging

Representative to IEEE Journal of Lightwave Technology

Representative to IEEE Sensors Council

Representative to IEEE Council on Superconductivity

Representative to IEEE Nanotechnology Council

Representative to IEEE Region 8

Representative to IEEE RFID Technical Committee

Liaison to IEEE Education Activities Board (EAB)

Liaison to IEEE Women in Engineering (WIE)

Liaison to IEEE Young Professional

ADCOM COMMITTEES

Committee Chair and/or Members

Chapters

Actively promote and generate new UFFC-S Chapters and new UFFC-S Student Branch Chapters.

Education

Promote the UFFC-S through educational programs and consider educational opportunities for the Society.

Publications

Establish publications policy, evaluate the relevance, quality, timeliness, and cost of UFFC-S publications.

Governance

Ensure on a continuing basis that the Society's Constitution and Bylaws are in accord with IEEE requirements.

Industrial Engagement

Facilitate industry engagement programs across the Society.

Mentoring

Supports the mentoring efforts of the Society and communicates widely on mentoring opportunities.

Networking

Raise awareness and understanding of networking needs; facilitate networking activities.

Technology Planning

Champion the use of technology to improve efficiency and effectiveness. Maintain regular contact with third-party vendors to ensure technological improvements are being met.

Volunteer Engagement

Develop, cultivate, sustain and grow volunteer engagement to align with the Society's goals.

If you are not sure if there's a specific role that fits you, or you have a passion for something that just has to be done and isn't on here, then please still reach out so we can find a place for you!
